

Human Participants Form 2

Grades 3-8

Required for all research or testing involving humans (including student researcher), including the testing of an invention that might pose a health or safety risk.

NOTE: All signatures on this form (including participants) must be obtained **before** experiment begins.

****Completed consent forms must be sent with the Fair application form or brought to the fair****

Name of Student Researcher(s) _____

Title of Project _____

School and Teacher _____

Three questions to be completed by Student Researcher (on an attached page) and shared with the Institutional Review Board (IRB) before their review of the project (see next box):

1. Describe the purpose of this study and list all procedures (including duration) in which human participants will be involved. Attach any surveys or questionnaires to be used.
2. Describe and assess any potential risks or discomfort, and potential benefits (physical, psychological, social, legal, or other) that may be reasonably expected with participation in this research.
3. Describe procedures used to minimize risk, obtain informed consent, and maintain confidentiality.

These IRB Signatures Required Prior to Start of Research Project; signatures signify approval of project.

NOTE: If a Medical Professional (other than a parent) is not available to this student, contact the Science Fair office.

NOTE: Any individual that is an Adult Sponsor (teacher), Qualified Scientist (mentor), or is related (biologically or legally) to the student researcher **cannot** serve on the IRB for this project.

Medical Professional's Printed Name Signature Date of Approval
Medical Professional must be a psychologist, psychiatrist, medical or osteopathic doctor, licensed social worker, licensed clinical professional counselor, physician's assistant, or registered nurse - **tick which applies** - and cannot be parent or guardian of the student.
